EXTERIOR DOORS OF THE FBC BUILDING

The trustees have completed a re-key of the exterior doors of the church building. This is the final step in building access updates that began in 2023. This step helps us ensure safe and secure building access for the FBC church family. If you are a key holder, your key will no longer work for the external locks on the outside of the building, but will unlock the doors inside the building. If you have a key card, your access will not change. If you need a key card, please contact Becky VerHoeven to request a key card for the electronic key card system. Thank you!
